## SOUND ADVICE

J. K. Hughes sounded some very timely suggestions Monday in his talk before the newsboys who had gathered for the "annual scramble." Some of his advice, much of his philosophy of life and the entire address was suitable for every age and both sexes. Among other things he pointed out that the lower rounds on the ladder to success was crowded, with folks who had gone as high as they could, as high as they wanted to or who were falling back to make room for those better qualified in mind, body and in spirit.

His remarks concerning economy and thrift likewise were very inspiring. The notion of the Frendegast-Smith bank in helping the boys get a bank account was likewise a very practical aid in helping the boys to carry out what Mr. Hughes urged upon them. Savings should be encouraged by wise bankers upon men and women, boys and girls of all ages and provisions made to take care of any inclination in that direction.

The great war furnished a lesson in thrift that has been helpful in many instances. The placing of Liberty and Victory stamps and bonds on sale at every post office and bank gave the movement to save and invest a very notable impetus. Financial institutions and others affording an opportunity for investments, therefore, today have but to keep the old idea wisely before the public in order to encourage one of the few good things brought out in the war and thus help the community financially and industrially.

## GOVERNOR PINCHOT GOES TO BAT.

In his address before the Citizenship Conference in Washington, Governor Pinchot of Pennsylvania, hit hard and far. He said:

Not only has the political hamstringing of the federal enforcement service had its seat in Washington, but it is notorious that disobedience to the eighteenth amendment has been flagrant in the capital city. Stories are innumerable of the active practice and encouragement of law breaking by officials high in the government of the United States. We cannot expect other communities to respect and obey the law if the capital of the nation itself is a leader among the law breakers. Washington has set the bad example, and it is for Washington to render the danger.

Pinchot's speech, in which he put responsibility for law enforcement of the Eighteenth Amendment and the Volstead Act up to Congress personally, contained these other highlights:

Two facts stand out in the confused and troubled prohibition enforcement situation of today. One is the need for a sweeping determination of the people to have the law enforced. The other is the steadily increasing violation of the law by the government elements. The former was to be expected.

The Eighteenth Amendment has been betrayed in the house by its friends. Measured by the respect accorded to it, it has failed, and the reason is that no sincere, intelligent and concerted nation-wide effort has ever been made to enforce it.

## Sidelines

WEST POINT.—Hopes to have Knute Rockne, Notre Dame coach, whip the Army team in shape for the Navy game were abandoned with the announcement of Coach McEwan that Rockne could not find it convenient to come.

PHILADELPHIA.—Pennsylvania's prospects for the Penn State and Cornell games were further reduced when Ted Fairchild, star end was called home to Nevada by the death of his father. Westgate will have to take his place.

NEW HAVEN.—With the exception of "Century" Minstead, who has a battered toe, the Yale regulars are all taking part in the drills for the Prince of Wales game Saturday. Minstead is expected to be at his regular position tomorrow. Yale coaches are sounding warning against over-confidence.

ROTAN.—A brick office building will be erected here by the West Texas Utilities Company.

## NEW PRODUCER IN THE POWELL POOL

An important completion was registered in the Mildred-Navarro sector of the Corsicana deep pay oil field area Monday night when the Elliott-Sparkman-Mauldin tract came in for a reported initial flow of 8,000 barrels of oil a day.

The new well was drilled by three individuals, and is located the Hill tract. The Humble Company has a number of 80,000 barrel storage tanks either completed or under erection on this tract.

## Schwab Tells of His Loans to Woman.

Mrs. Myrtle D. Hayes and Charles M. Schwab.

For 20 years Charles M. Schwab, steel master and multi-millionaire, made loans to Mrs. Myrtle P. Hayes, who is now under indictment in New York, charged with forging his name to notes which she was using to finance the erection of a \$5,000,000 apartment hotel in Boston. He made the loans, he swore in bankruptcy proceedings in New York, because in 1902 he had advanced her \$2,000 and he feared that if he should stop there would be some publicity regarding his past loan to her, which would result in an erroneous construction being placed upon his previous association with her.

# Chicago Society Woman "Packs 'Six-Gun'."

Mrs. F. T. Browne.

Mrs. Frank Townley Browne, Chicago society leader, who retiringly proclaims herself a "farmer woman" by constant target practice on her farm, 40 miles from Chicago, has become an expert shot with a six-shooter. She is the first society leader to carry a gun on a permit issued by the Chief of Police. When she goes out at night she is always armed, she says, to foil hold-up men.

## KLAN HORSEWHIPPED BY ANGRY MOTHER

Crawford Kent, handsome and athletic, has experienced the sensation of being publicly horsewhipped. The sh was applied unmercifully by a hill little woman whose eyes snapped every time she brought the heavy whip across the shoulders of her victim. While many of the fashionable

summer residents of Paradise Pines, California, looked on, Kent took his punishment without attempting to retaliate.

### Action Applauded

But this exclusive "little" colony among the flowering foothills near the Pacific was not upset by the punishment doled out to Kent. On the contrary the fair feminine witnesses applauded and asked that the scene be continue. This may have been due, however, to the fact that they had been forewarned that the lash incident was one of the important scenes for Gasnier's production, "Mothers-in-Law" now showing at the National.

In fact, this vicinity is picture mad. The presence of the noted director and his cast of notable players aroused the interest of the ever present contingent that yearns to see and be of the screen.

**—Filmed At Resort.**

Paradise Pines was selected for this particular phase of the picture because of the many beautiful homes that nestle in the hills here. The lodge of a well known millionaire was loaned by the owner for the occasion.

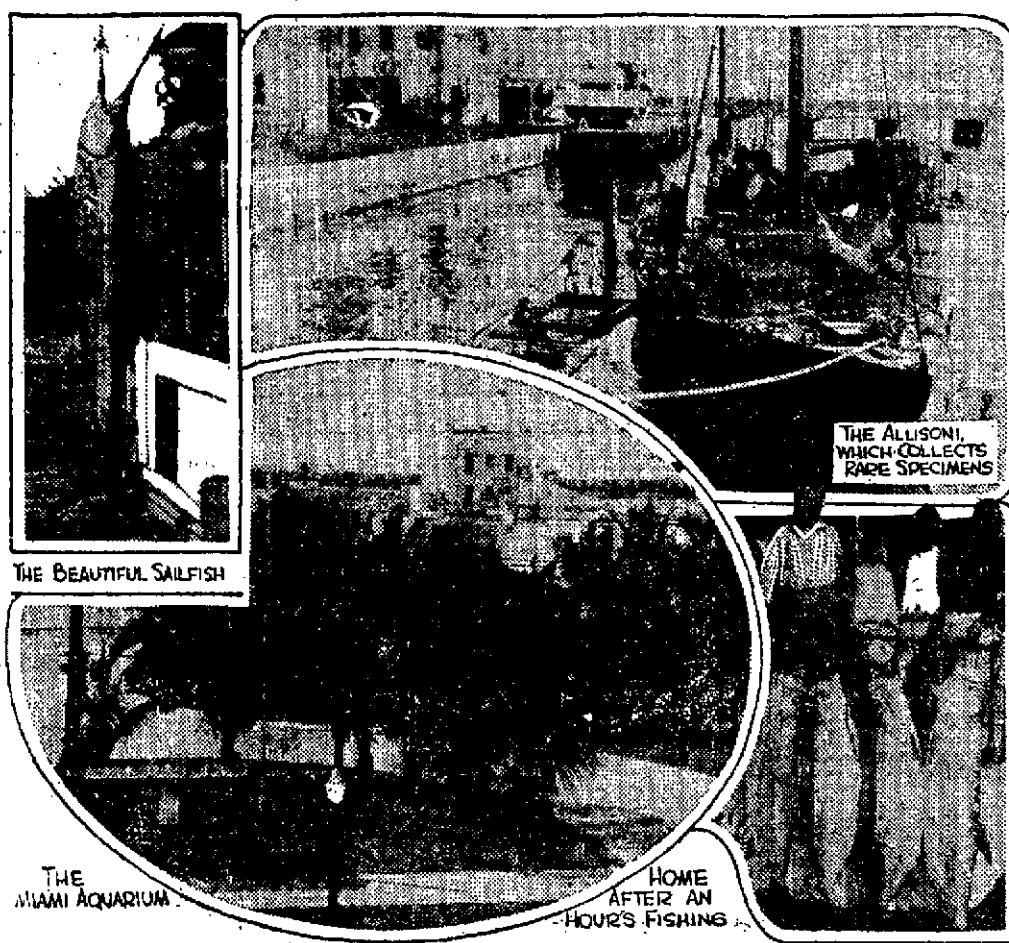

For weeks the colony entertained a notable company of featured players from the B. P. Schubert studios. Gaston Glass, who portrays the part of a country youth in the production looked anything but his part in real life. He blossomed out daily in a different golf suit, his latest being a pure white affair made of soft flannel. He wore a white silk shirt, a white tie and white shoes. As he was a war hero who nearly lost his life piloting a fighting plane for his native country, France, he as more than popular among the younger set.

Glass played a round of the links each day generally being paired in foursomes with Ruth Clifford who takes the leading feminine role in Gasnier's picture. Volva Vale and Joseph Swickard also were among the golf enthusiasts who play daily.

## Scientists Are Examining Fox Same As Thaw

ATLANTA, Ga., Nov. 14.—Scientists today were examining a small vial of fluid extracted from the spinal column of Phil E. Fox in an effort to establish, they said, that the publicity director of the Ku Klux Klan, killed W. S. Coburn, member of a rival faction, in a fit of insanity.

## Big Rush of Fish to Gulf Stream Off Miami, Say Scientists Returning From the South

THE BEAUTIFUL SAILFISH

THE MIAMI AQUARIUM

THE ALLUSONI, WHICH COLLECTS RARE SPECIMENS

HOME AFTER AN HOUR'S FISHING

Followers of old Isak Walton are excited over the report of scientists returning from the South that the Gulf Stream waters about the southernmost Florida coast are teeming with fish in unusual numbers and varieties. Gulf Stream waters between Miami and the Bahamas have long been known as the best fishing ground in the world. Scientists of the Miami Aquarium report and have catalogued more than 500 varieties of fish in adjacent sea territory.

Whether the unusual influx of fish is due to volcanic disturbances elsewhere in the sea is a question.

As a rule, the game-fish of southern waters do not get further north than Miami. Most of them inhabit the coral reefs that fringe the Gulf Stream and Keys off the Florida coast. Some of these islands are historic as having been the headquarters of some of the boldest old pirates of Spanish Main days. Right across from the Coconabo Cay Club, the famous fishing headquarters for many of Miami's winter visitors, is Black Caesar's Island, with its big iron ring still imbedded in solid rock, where Black Caesar is supposed to have tortured his captives.

The Miami Aquarium, last season, had nearly 2,000 live specimens of food and game fish. It will probably have more than that this year. An attraction for this fisherman in Gulf Stream waters is that he doesn't have to wait long for a bite and he usually gets a big one. These waters are the haunt of the beautiful sailfish, the game amberjack and the fighting tarpon. Others which the fisherman try for are grouper, tuna, dolphin, mackerel, as well as the variegated and many colored smaller fish caught on hook and line. One of the gamest fish for its size is the small fast-shooting bonefish, which vies with the gray snapper, conceded to be the brainiest fish of the sea.

The operation, the same used in proving the insanity of Harry K. Thaw, a number of years ago, was performed last night by Fox's personal physician, Dr. Linton Smith and Dr. N. M. Owensby, alienist. The physicians decided on this course after three days of questioning Fox in an effort to establish his mental condition.

Dr. H. W. Evans, imperial wizard of the Klan, issued a statement last night in connection with the murder in which he denied any knowledge of Fox's motive.

AUSTIN, Nov. 14.—M. B. Brown of Crosbyton was appointed superintendent of the State School for the Blind succeeding Dr. E. E. Bramlette, resigned.

## Why Girls

Are not prettier—why women grow old

By Edna Wallace Hopper.

I was a plain girl, but I made my face famous beauty. I have reached the age of 62, but I keep my youthful looks. Countless young girls envy my hair and my complexion. No ordinary beauty helps ever did ever will bring such results to women. I searched the world for the help in existence. I spent a fortune to obtain them. To them I owe that beauty and perennial youth we meet in my career.

Now I have placed those identical tips at your call. To girls they mean uplifted beauty, to women continued youth. I urge you to let them bring to your what they brought to me.

**The Great Mistake.**

Millions of women seeking beauty of youth use unsatisfactory helps. Now bring you the best helps in existence.

Clay is a beauty essential. No girl can look her best without it, no woman keep her youth. But not the old and muddy clays so many still employ. A super-clay has been perfected by 20 years of scientific study. It is white, refined and dainty. It is a times more effective than the ordinary clays.

I call this my White Youth Clay. Any woman, with one use, seem to be ten years. It brings a rosy, clear complexion. It removes the causes of wrinkles and blemishes. It firms the skin, combats all lines and wrinkles. My White Youth Clay will amaze and delight you. I urge you see what it does. The cost is 50 cents and \$1.

**Scientific Creams.**

Women use creams which no great part in the world could sanction. I do a world-wide search to get the best creams in existence.

One is my Youth Cream—a cold cream. It contains both lemon and

# CATS TRAINING HARD FOR A GAME WITH ENNIS

The Mexia Hi Black Cats with a week's hard training behind them meet the strong Ennis Hi team Friday afternoon at Nowlin Park at 3:30.

Coach Polcet has been putting the squad through a stiff practice each day and is trying to fill in the gaps left in the line and in the backfield but the injury of Doyle Perkinson, one of the best ends on the squad, during the Tengeue game last Friday, Perkinson will be out for the rest of the season and at present is still confined to his bed. He stated today however that he expected to be able to witness the game with Ennis Friday.

Malcolm and Dick Williams have stopped school and their places will be hard to fill. Dick was out of the game for quite a while with an injury and had been sent in only a few times in the last two or three games as a sub but he was getting back to his old style. Malcolm, a regular half, has been playing consistent ball all during the season until the game with Teague when he made several fumbles that cost the team quite a bit of ground. All of these men will be missed sorely in the future but Polcet is coaching another man into the half position vacated by both Williams and Perkinson.

Polet, Mexia Hi mentor stated Wednesday morning that he would probably use Treadway, a shifty little fellow who is a demon on pulling down passes and is no mean broken field runner, at a half position in the Ennis game. He will pick his backfield men from the following, Kendrick, Cox, Treadway, Clover, Buford and perhaps Auld, Paris, Manning or Mills may get the argument for the wing position vacated by Perkinson.

# HOME DRESSMAKING

By JEANNE ROLAND (Copyright 1935 by Pen-Art Service, Inc.)

Afternoon Frock of Cinnamon Charmeuse

After the Best Paris Mode

Simply made and patterned after the best Paris mode is this dress of cinnamon charmeuse. There is a bit of embroidery, added as a last word, as it were, to express a new note of elegance.

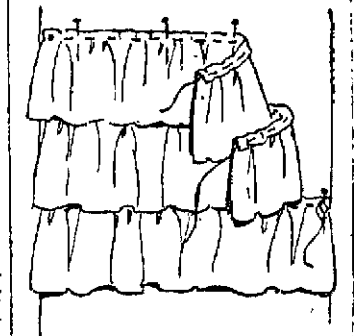

Paris is so fond of the apron drape that she contrives to give it infinite variety. In this charming afternoon dress, she combines the apron drape with the vogue for tiers, with most effective results. At

the lower edge of the front panel is an embroidery design wrought in ribbozone and crystal beads. French dressmakers this season are using comparatively little rope silk in their embroideries for satin and crepe frocks, preferring instead a combination of chenille, ribbozone, etc., with crystal and glass beads, nail heads, etc.

The blouse has a V-shaped neck and is draped over the skirt at the waistline. It is tied at the back with a string sash, attached to the sides of the blouse. There are no sleeves and the yoke, of which even so little may be seen, is of very fine handkerchief linen. Another vagary of the French mode this season is the extensive use of linen and batiste on frocks of all materials, silk or wool.

The design shows how the ruffles are added to the apron drape. They should be 1 1/2 times longer than the space to be covered. Find the center of the drape, then the center of the ruffle. Gather the ruffle and draw the thread until the frill is the same length as the drape. Baste into position and stitch down securely. Turn under the upper edge of the frill before gathering.

For the dress that is inexpensive and at the same time dressy, nothing is smarter than charmeuse satin.

Tiers Vary the Apron Drape

It has a subtle lustre and lends itself beautifully to draping. The favored shades of the season are indigo, marine, midnight blue, cocoa, aramel, cinnamon and atmosphere gray.

# Mexia Young Lady In Diamond Jubilee Float at Ft. Worth

Mrs. J. F. Maddox and daughter Louise have returned from Fort Worth where they were present Monday at the Diamond Jubilee celebration there. Those from Mexia who were present declared the celebration a great success and the parade Monday one of much interest. The Texas Woman's College had a float in the parade which attracted considerable attention, comment and interest, furnishing a real feature for the parade. The great educational institu-

tion for women ranks high in the esteem of Fort Worth as well as of all the southwest. On the float, in the midst of the young ladies was a piano, seated at which was Miss Josie Lee Maddox, of this city and daughter of Mr. and Mrs. J. F. Maddox, who helped admirably in furnishing the music for the college.

# High School Press Association Meets At Belton Dec. 7-8

BELTON, Texas, Nov. 14.—Professor Guion Griffis Johnson, organizer of the Texas High School Press Association and head of Baylor School of Journalism, has announced that the second convention of the Association will be held here December 7 and 8. Membership in the organization is open to all high schools publishing a paper, magazine or annual. Six valuable prizes are awarded to members who excel in different journalistic lines. The Houston Post trophy which was won last year by the Breckenridge High School will be given again this year to the best edited school newspaper. Four consecutive issues must be entered. The Zeese loving cup is the prize for the best edited school annual. It was won last year by Oak Cliff High School (Dallas.) Awards for the best edited maga-

zine, the best written news story, short story and editorial, will be made. Well known Texas newspaper men will be the judges.

# Cause of Pimples Explained

It is easy to understand why so many people never have been able to get rid of their pimples, blotches, bumps and other skin troubles, which keep them from being attractive when you consider that few of them know what is causing them, and naturally don't know when they are not doing the right thing to get rid of them. So-called skin diseases are caused by poisons from the perspiration becoming congested in the tiny pores and glands of the skin because they can't get out. Unhealthy skin holds

them back and you know what must happen when you continue to let this condition exist. For this reason "skin lotion" etc., can't possibly help you any. You need what is known as Black and White Ointment which heals the cores, builds up the tissue of the skin, makes it active, so it naturally expels all the acid poisons which the system must throw off through the pores. Then pimples, blotches, "breaking out" eczema, etc. quickly disappear.

Black and White Ointment is economically priced in generous packages. The 50c size contains three times as much as the 25c size. All dealers have it.—Adv.

# THE LAST ROUND-UP AT THE OPERA HOUSE TONIGHT

Another large crowd greeted the Brunk's Comedians last night to witness the presentation of "The Phantom Trail" which is a very pretty

story of the Ozark's that is cleverly written and presented in a pleasing manner by the Brunk's players.

Again the vaudeville specialties were well received by the large audience.

An entirely different kind of play will be seen tonight on which occasion the four act Western comedy drama will be offered with an entire change of vaudeville numbers and music by the orchestra.

# Cream Clears a Stuffed-Up Head

If your nostrils are clogged and your head is stuffed because of nasty catarrh or a cold, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen,

inflamed membranes and you get instant relief.

Try this. Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more hawking or snuffing. Count fifty. All the stuffiness, dryness, struggling for breath is gone. You feel fine.—Adv.

"The Store Ahead"

## Mexia Twenty Years Ago

Compiled by N. P. Houx  
From Files of Mexia Evening News  
of Nov. 14, 1903

Bob Griffith came up from Calvert Tuesday evening to visit his parents, Mr. and Mrs. T. A. Griffith.

At a called meeting of the U. D. C. chapter yesterday afternoon Misses Kate Arvin and Mabel Hall were elected as delegates to the state convention which meets in Houston December 2-4. The Daughters also decided to send a Thanksgiving box to the veterans in the Home at Austin.

Mrs. Warren Anderson is reported on the sick list.

Will Wallace is laid up with a case of mumps.

Little Wilber Oliphant has recently suffered a partial stroke paralysis that has impaired his speech and may make of him a cripple.

Mrs. Geo. Petty has returned from a visit in Corsicana.

Mrs. W. B. Kendrick and children are visiting the old home at Thouton.

Master Arvin Epperson has returned from Fort Worth where he has been working for the past two months.

Editorial—The attorney general has ruled that Dr. Tabor and Gen. Huln can return from San Antonio notwithstanding the quarantine against that city. Well, it would be a little unusual to quarantine the health officer.

## Texas Youth Is Proud Possessor Of Mexican Eagle

VALLEY VIEW, Texas, Nov. 11.—Tommy Roene, youth residing a few miles east of here is the proud possessor of a Giant Mexican Eagle captured by him near here several days ago.

The bird was landed after it had been slightly wounded by a shot from Tommy's gun. It measures six feet and three inches from tip to tip and weighs 25 pounds.

MARY ASTOR, SCREEN DEBUTANTE, AIMS TO PLAY SHAKESPEARE

Mary Astor, the charming young screen star in the cast of Metro's "Success" at the Grand theatre to

delightful actress, still in her teens, proves her individuality by the schedule of work which she has mapped out for herself. Miss Astor wants to play all the leading heroines in Shakespeare—now that she has Cordelia to her credit—and she declares she will never be satisfied until her ambitions have been fulfilled.

Ambitious Miss Astor has scored an emphatic success in filmdom in an amazingly short time. Her recent appearance in support of Glenn Hunter in "Second Fiddle" won her a great deal of favorable comment. Big things are expected of her, and she has realized a good portion of them in "Success." The photoplay, a Ralph Ince production, is based on the play by Adeline Leitzbach and Theodore A. Liebler, Jr. Murray W. Garsson presents it.

Major N. P. Houx leaves this afternoon for Waco where he takes the train for Corpus Christi.

## Woman Of 88 Years Walks Six Miles To Pay Her Taxes

CROCKETT, Texas, Nov. 14.—Although eighty eight years of age, Mrs. Joan Calloway, of Houston county, recently walked six miles to pay her taxes, her husband died several years ago after they had lived together for sixty one years. They had fifteen children who together with grand children and great grand children number 109.

## Ranger Jail Is Full Of Whisky

RANGER, Texas, Nov. 14.—There may be a shortage of whisky—but not in Ranger.

During an unusually heavy crime wave here recently, when six undrinkables were housed in the county jail the place was filled almost to overflowing due to the fact that one barrel of the jail was filled with confiscated liquor.

The booze is to be destroyed soon.

## Red Pepper For Rheumatic Pain

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.—Adv.

# Forest Glade School Opens Its New Home

## First Program Given Last Friday

Friday night, November 9th an opening exercise was held at Forest Glade new brick school building.

The exercise was opened by the song, O Me, O My! This was followed by a prayer by Rev. Woodson of Groesbeck. Next Mr. J. B. Davis, a member of the school board, expressed the community's appreciation of the business men of Mexia and Forest Glade for the advertisements on the front curtain. This was followed by an excellent address of welcome by one of our teachers, Mr. Callie Little. A fine address was then delivered by Mountain Kirby, County Judge of Lavett County. After his inspirational talk the school sang "Dixie." Brother Woodson then gave an address. He encouraged the people of the community to push forward toward the end of success as had begun. The exercise was closed by a prayer by Rev. Woodson, after which the members of the school board, W. H. Pitt, J. B. Davis and Farmer Little demonstrated the new stage scenery, which cost over \$700.

Although being defeated by Harvard in the last meeting of the "Big Three" this year the Princeton Tigers look forward to the Yale game next Saturday with an air of confidence, feeling that they have nothing to lose and all to gain. They can well afford to take any kind of chances in order to win over the Elis, so as to remain in the race.

The S. M. U. Mustangs have the record of being victors in the last seven consecutive games, but they still have two big stones in their path before they can hope to obtain the championship. Next Saturday they meet the Oklahoma Aggies at Stillwater. Then on Thanksgiving day they meet Baylor at Dallas.

fore they can hope to obtain the championship. Next Saturday they meet the Oklahoma Aggies at Stillwater. Then on Thanksgiving day they meet Baylor at Dallas.

Next Friday will be an interesting day on the local gridiron when the strong Englis squad invade the Black Cats' quarters. The locals ended the game with Teague last Friday in a tie, and have meet defeat twice this season, once at the hands of the strong Marlin squad then with Corsicana. But they have resolved that "They shall not pass this time," and we believe there will be a real game.

Auburn meets Centre at Birmingham next Saturday. This has proven to be one of the most interesting games in the south in the last few years that these teams have met. The last time Auburn tasted defeat at the hands of the Kentucky Colonels, the famous "Bo" McMillan was steering the squad, but last year the Plainsmen won by the close score of 6 to 0.

Dave Bancroft the world series hero has been officially announced the manager of the Boston Braves. He comes to Boston with two of his team makes "Casey" Stengel and Bill Cunningham, in exchange for Pitcher Joe Oeschger and Outfielder Billy Southworth of the Braves.

Baylor meets the Texas School of Mines at El Paso next Saturday, then begin preparation for the S. M. U. clash on Turkey Day.

HOUSTON.—A committee of citizens appointed to devise plans for solving the street car situation now in the courts here has submitted a plan to the city authorities and the street railway company which they recommend as promising to relieve the situation.

ELECTRA.—Natural gas service for this city has been secured through the enterprise of a group of citizens who are making the necessary investment.

TYLER.—A convention of the Texas Independent Telephone Association will meet here December 12.

## MISTAKEN FOR BURGLAR MILKMAN IS KILLED

## Houx To Preside Over Veteran Texas Editors

### Newspaper Man And Released Following Incident

DALLAS, Texas, Nov. 14.—C. E. Besse, 24, driver of a milk wagon was shot and fatally wounded by L. P. Head, Dallas newspaper man in the kitchen of Head's home early today. Head, after making a statement to police was released on his personal recognizance to appear later in the day.

In his statement, Head said he was awakened by someone moving about in the kitchen. Taking his revolver, Head said he went to the door and called for whoever was inside to come out. There was no answer, he said, and opening the door, Head saw the man with a flash of light in his hand.

### WALTON TO FACE TRIAL ON ONE MORE CHARGE AT ONCE

OKLAHOMA CITY, Nov. 14.—Governor Walton, accused by the House of Representatives' Board of Managers of receiving through the Preparatory School appropriation the subject of investigation along these lines today.

The prosecution leader, Disney, said the sum had been received by A. D. Rodgers, a close personal friend of Walton, which had been given to Walton through him by 6 citizens of Tonawanda, at which place the school was held.

The prosecution admitted that it did not prove Walton received the money but could present circumstantial evidence making it impossible for Rodgers and Walton to receive the money.

Walton won a victory when the impeachment court voted 21 to 18 that the charges should be tried now on charges involving the improper declaration of martial law.

### Auto Thieves Captured At Sapulpa

SAPULPA, Okla., Nov. 14.—With the recovery of twenty stolen automobiles and the arrest and conviction of five members of the gang of thieves, the police department has uncovered one of the biggest and smoothest auto theft rings in the Southwest. The plot has been three weeks in unraveling and the end is not yet in sight, as more stolen cars are scheduled to be recovered and several more arrests will likely be made.

### Giants Expecting To Swap Around

By HENRY L. FARRELL (United Press Staff Correspondent) NEW YORK, Nov. 14.—Needing new players as well as several better players with which to meet competition next year, the New York Giants despite denials, are expected to do some more swapping, trading or buying before the winter season is over.

As far as the reported transfer of Rogers Hornsby to the New York clubs from the Cards is concerned, there seems nothing to it. Owners of both clubs insist that negotiations have ended but some smart baseball men maintain that they have ended only for the time being and will be resumed as soon as the Giants complete deals for one or more players on other clubs that the Cards want.

The business side of the game is just as important in these days as the mechanical end and the Giants to at least hold their own in competition with the Yankees are facing the desperate need of getting some color on the National League champions.

The Giants didn't do well last season and the Yankees with the ever popular Babe Ruth and a world's champion team will be a bigger card than ever next season.

Rogers Hornsby is the only player in the National League that could be built up as a counter attraction to Ruth and for this reason many baseball men here feel sure that the Giants will give most anything for Hornsby after they have allowed the feeling to circulate that they have cooled on the deal.

Even with the announcement from Boston that some cash was thrown in with Southworth and Oeschger for Dave Bancroft, Cunningham and Stengel, New York fans can't imagine what McGraw had in mind in taking on a lame outfielder and a worn out pitcher for three such good players.

It had been advanced as a probability that McGraw intends to use Southworth and Oeschger as trading material in some deals that are to be discussed during the winter meeting in Chicago.

The Giants last season, outside of the pitchers, were almost a perfect ball club but it was a slobber outfit totally without color and McGraw had much the same experience that Connie Mack had with his perfect Athletics. They didn't do business at the gate.

QUANAH.—A high tension electric transmission line will be built to connect the electric light plants and at Lawton.

### MONARCHIST COUP BEGINS IN BAVARIA

Above: Adolf Hitler, Dr. von Krieger, Gen. von Ludendorff, Prince Rupprecht. Below: Gen. von Seeckt & Otto von Kahr.

Under the leadership of Dr. Adolf Hitler and General Erich von Ludendorff, Von Hindenburg's right-hand man in the World War, Bavarian Monarchists have effected a coup in Munich, deposing Dictator Engelbert Dollfuss and appointing Dr. Otto von Kahr "Regent of all Germany." Armed Bavarian forces have no idea of seceding from Germany, but seek for Bavaria the leadership of Germany that has always been enjoyed by Prussia. Hitler, under this new scheme of things, becomes "Director of National Policy," while Von Ludendorff becomes "Supreme Commander of the National Troops." Should the coup be successful and Bavaria succeed in wresting the supremacy of the nation, Crown Prince Rupprecht would probably be appointed Kaiser of the new Imperial Germany. To combat the Bavarian movement, General von Seeckt, Commander-in-Chief of the Federal army, has been appointed "Supreme Dictator of the German Reich."

## Truck Driver Sustains Broken Neck When He Swings At Youths, Missed His Mark And Falls To Pavement

DALLAS, Texas, Nov. 14.—M. J. Muse, 40, died this morning of a broken neck which he sustained in one of the most peculiar cases ever known here. His head struck the sidewalk, when he fell during an altercation with two youths.

Muse was driving a truck which passed near two boys who were standing on the sidewalk, almost hitting them they assert. Their statement is verified by eyewitnesses also. The youths shouted to him to watch where he was driving. Muse stopped his truck at once and came back to where the boys stood. He swung at them, missed his mark and fell when his foot slipped, his head striking the sidewalk, breaking his neck.

### FORBES OFFERS HIS DEFENSE

By DALE VAN EVERY (United Press Staff Correspondent) WASHINGTON, Nov. 14.—Having offered his defense to charges of official misconduct in management of the Veterans Bureau, Charles R. Forbes, former director, was prepared today to reply with equal vigor to serious charges of personal misconduct.

His defense against the charges of mismanagement and waste in the bureau was summed up in the words "utilities and Sawyer," which he said, were the principal impediments in the way of good administration.

Forbes declared that political pressure hampered him at every turn during his administration of the bureau and that General C. E. Sawyer, personal physician for President Harding, blocked his plans under the blanket authority vested in him by Mr. Harding.

Senators, congressmen, political figures and tale bearers, running to the President with complaints were constantly interfering with the orderly progression of Bureau business, according to the picture of the difficulties under which he had labored, drawn by Colonel Forbes.

### 55 Year Old Man Held For Murder

ORRICK, Mo., Nov. 14.—Everett Endsley, 55-year-old farmer, was held today on charges of killing Clell Allen, 25, after the latter was alleged to have made improper remarks to Endsley's daughter, Mrs. Beatrice Tucker.

Allen was struck on the head with a club and killed, according to statements made to authorities by Mrs. Tucker and her husband.

The couple said Allen had come to the Endsley home to pay for a cemetery lot. Tucker and Endsley, working in a field, saw him enter the home. They hurried to the house and found him embracing Mrs. Tucker, according to the statements.

Endsley surrendered following the killing. Tucker is also held.

## MEXIA CITIZEN IS PRESIDENT OF EDITORIAL ASSOCIATION MEETING AT CORPUS CHRISTI

### Walton Names Fifty Klan Solons In House

By FRANK GETTY (United Press Staff Correspondent)

OKLAHOMA CITY, Ok., Nov. 14. Names of fifty-five members of the Oklahoma House of Representatives who, he charges, are members of the Ku Klux Klan, were made public today in a signed statement by Governor J. C. Walton.

The Governor gave out the list in issuing a flat denial to testimony of Dr. W. T. Tilly of Muskogee that Walton himself was initiated into the Klan, paid dues and took the oath Feb. 13.

Controversy over whether the suspended Oklahoma Governor joined the marked order came as a side issue to the impeachment charges being heard before the Senate, but temporarily overshadowed the trial, which dragged on today with investigation of Walton's personal finances.

The Senate court of impeachment attempted to straighten out a maze of figures furnished by the Local Building & Loan Company in whose stock the Governor invested heavily between March 23, 1920 and Nov. 6, of this year, when he closed the account. The company's bookkeeping, involving reissue stock and transfer of accounts, proved a Chinese puzzle to the Senators. The records presented to the court showed a total of deposits during three and a half years of \$84,800.

The prosecution, delayed in its efforts to speed the trial by lengthy cross-examination on the part of the defense, hoped to arrive today at its charge involving the alleged "Tonkawa bribe." This was declared by the board of managers of the House which is presenting the charges against Walton, to be an instance of the actual passing of a cash bribe.

Regarding the Klan issue, raised by introduction in the lower House of Dr. Tilly's testimony, Walton, besides issuing a statement which said in part: "I subscribed to no oath in the Klan organization and none will be produced, nor will it be established that such oath was taken by me or membership fee paid," as claimed," told the United Press that both before and after his inauguration officials of the Klan had made repeated efforts to have him join.

The story of Walton's alleged initiation, as told by Dr. Tilly, was that the Governor in his private chambers in the State Capitol, Feb. 13, agreed to join and directed that a card be signed with his name by Dr. A. E. Davenport, health commissioner.

"I looked over their literature," Walton admitted, in an interview, "and told them that many of their professed aims were laudable. But when it came to a point where the purposes of the organization seemed to me to foster religious hatred, and to usurp the powers of duly constituted government, then I told them directly that I could have no sympathy with them."

Walton's public statement said he did not deem it proper at this time to discuss the matter in detail.

### AMERICAN'S BODY TO BE BROUGHT BACK

LONDON, Nov. 14.—The body of Clifford Thorne, widely known Iowa lawyer and economist, will be shipped to the United States on the Berengaria, November 17, it was learned today. Thorne died here Monday of pneumonia after a short illness.

Major N. P. Houx, exchange editor of the Mexia Daily News, left Tuesday evening for Corpus Christi to attend the annual meeting of the Texas Editorial Association, of which he has been president for the past year. The session will last three days—Thursday, Friday and Saturday—and will be devoted principally to having a good time.

The Association was organized by Col. Frank Holland owner of Texas Farm and Ranch and Hollands Magazine, who was its first president, in 1912, the first meeting being held at Oakshore Club near Rockport, at which meeting there were only about a dozen who were eligible for membership. At that time it required 38 years service in the newspaper business in order to become a member, and Major Houx was one of the few charter members. Afterwards the age limit was lowered to 30 years, and there are now about one hundred members.

The association meets annually, usually at some place on the coast in the fall, in order to have plenty of fish, oysters and game. The meetings are always enjoyable.

Major Houx began his newspaper career as a devil on the old Waller County Courier in Hempstead in 1879, and went to Austin in 1881, and worked in the various offices there as a printer for ten years, and set the first type on the first issue of Farm and Ranch, established by Col. Frank Holland and Bill Knox, a brother of the famous J. Army Knox of Texas Siftings fame. Major Houx also worked on Texas Siftings, and fed off the first issue of that paper—5000 copies—on an old Country Campbell press, which was printed in the job office of E. W. Swindells, where the major was working for several years.

Major Houx commenced his career as a publisher in Hempstead in 1891 when he established the Hempstead Weekly News, which is still running. He published a paper in Wortham in 1897, and came to Mexia in February, 1898, and established the Weekly News, which he converted into a daily January 3, 1899, and conducted the business until January, 1919, when he sold it and engaged in other business for a time, but could not keep out and returned to Mexia and Oct. 1, 1920, just before oil was discovered here, he bought a half interest in the business and with Hon. DeWitt Lamb, conducted it until July 1, 1921, when they sold out again. Later on when the business was taken over by the present stock company, Major Houx entered the business as exchange and telegraph editor and has been connected with it in that capacity since, also owning a small block of the stock.

He was elected president of the Texas Editorial Association at its last meeting, after serving one year as first vice president, and looks for a big meeting this year, as the season is right for fish and oysters and the market down on the coast is well supplied.

Col. Louis J. Wortham of the Fort Worth Star-Telegram, is first vice president and Marcellus Foster of the Houston Chronicle is second vice president. Hamp Cook of Houston, veteran correspondent of the Dallas News, is recording secretary, and Former Lieutenant Governor Will H. Mays now head of the University School of Journalism, is corresponding secretary. Some of the leading newspaper men of Texas are members and past officers.

### CROWN PRINCE SPEAKS AFTER LONG SILENCE

OLESEN, Upper Silesia, Nov. 14.—In an interview, the first authorized utterance in five years, the former Crown Prince Frederick William today declared that he would abstain from having to do anything with politics. He declared he would do all he could to help build up Germany, cognizant of his limited sphere of activities. He expressed eagerness to learn about the affairs of state throughout the world.

**SOUND ADVICE**

J. K. Hughes sounded some very timely suggestions Monday in his talk before the newsboys who had gathered for the "annual scramble." Some of his advice, much of his philosophy of life and the entire address was suitable for every age and both sexes. Among other things he pointed out that the lower rounds on the ladder to success was crowded, with folks who had gone as high as they could, as high as they wanted to or who were falling back to make room for those better qualified in mind, body and in spirit.

His remarks concerning economy and thrift likewise were very inspiring. The action of the Pronger-Smith bank in helping the boys get a bank account was likewise a very practical aid in helping the boys to carry out what Mr. Hughes urged upon them. Savings should be encouraged by wise bankers upon men and women, boys and girls of all ages and provisions made to take care of any inclination in that direction.

The great war furnished a lesson in thrift that has been helpful in many instances. The placing of Liberty and Victory stamps and bonds on sale at every post office and bank gave the movement to save and invest a very notable impetus. Financial institutions and others affording an opportunity for investments, therefore, today have but to keep the old idea wisely before the public in order to encourage one of the few good things brought out in the war and thus help the community financially and industrially.

**Schwab Tells of His Loans to Woman.**

For 20 years Charles M. Schwab, steel master and multi-millionaire, made loans to Mrs. Myrtle P. Hayes, who is now under indictment in New York, charged with forging his name to notes which she was using to finance the erection of a \$5,000,000 apartment hotel in Boston. He made the loans, he swore in bankruptcy proceedings in New York, because in 1902 he had advanced her \$2,000 and he feared that if he should stop there would be some publicity regarding his past loan to her, which would result in an erroneous construction being placed upon his previous association with her.

### Chicago Society Woman "Packs 'Six-Gun'."

Mrs. F. T. Browne.

Mrs. Frank Townley Browne, Chicago society leader, who retiringly proclaims herself a "farmer woman" by constant target practice on her farm, 40 miles from Chicago, has become an expert shot with a six-shooter. She is the first society leader to carry a gun on a permit issued by the Chief of Police. When he goes out at night she is always armed, she says, to foil hold-up men.

### IAN HORSEWHIPPED BY ANGRY MOTHER

Crawford Kent, handsome and athletic, has experienced the sensation of being publicly horsewhipped. The sh was applied unmercifully by a little woman whose eyes snapped every time she brought the heavy whip across the shoulders of her victim. While many of the fashionable

summer residents of Paradise Pines, California, looked on, Kent took his punishment without attempting to retaliate.

**Action Applauded**

But this exclusive little colony among the flowering foothills near the Pacific was not upset by the punishment doled out to Kent. On the contrary the fair feminine witnesses applauded and asked that the scene be continue. This may have been due, however, to the fact that they had been forewarned that the lash incident was one of the important scenes for Gasnier's production, "Mothers-in-Law" now showing at the National.

In fact, this vicinity is picture mad. The presence of the noted director and his cast of notable players aroused the interest of the ever present contingent that yearns to see and be of the screen.

**Filmed At Resort.**

Paradise Pines was selected for this particular phase of the picture because of the many beautiful homes that nestle in the hills here. The lodge of a well known millionaire was loaned by the owner for the occasion.

For weeks the colony entertained a notable company of featured players from the B. P. Schubert studios. Gaston Glass, who portrays the part of a country youth in the production looked anything but his part in real life. He blossomed out daily in a different golf suit, his latest being a pure white affair made of soft flannel. He wore a white silk shirt, a white tie and white shoes. As he was a war hero who nearly lost his life piloting a fighting plane for his native country, France, he as more than popular among the younger set. Glass played a round of the links each day generally being paired in foursomes with Ruth Clifford who takes the leading feminine role in Gasnier's picture. Vola Vale and Joseph Swickard also were among the golf enthusiasts who play daily.

### Why Girls Are not prettier—why women grow old

By Edna Wallace Hopper

I was a plain girl, but I made my famous beauty: I have reached a age of 62, but I keep my youthful looks. Countless young girls envy my hair and my complexion.

No ordinary beauty helps ever did ever will, bring such results to women. I searched the world for the st helps in existence. I spent a fortune to obtain them. To them I owe that beauty and perennial youth ve meant in my career.

Now I have placed those identical lips at your call. To girls they mean utliphied beauty, to women continual youth. I urge you to let them ing to your what they brought to

The Great Mistake.

Millions of women seeking beauty of youth use unscientific helps. Now bring you the best helps in existence.

Clay is a beauty essential. No girl n look her best without it, no woman keep her youth. But not the ade and muddy clays so many still ploy. A super-clay has been perfected by 20 years of scientific study. is white, refined and dainty. It is a times more effective than the ordinary clays.

I call this my White Youth Clay. Why women, with one use, seem to op ten years. It brings a rosy, clear mplexion. It removes the causes of ckheads and blemishes. It firms e skin, combats all lines and wrinkles. My White Youth Clay will aze and delight you. I urge you see what it does. The cost is 50 ts and \$1.

Scientific Creams.

Women use creams which no great pert in the world could sanction. I do a world-wide search to get the st creams in existence.

One is my Youth Cream—a cold am. It contains both lemon and

strawberry. Also all the best that science knows to soften feed and foster the skin texture.

I use it after the clay. Also as a night cream, also daytimes as a powder base. Never is my skin without it. I want you to learn what Youth Cream means to you. It costs only 60 cents.

My Facial Youth is a liquid cleanser which I found in France. Great beauty experts the world over now employ it. It contains no animal, no vegetable fat. The skin cannot absorb it. But it cleans to the depths, and removes from the skin all the dirt and refuse which nothing else can reach.

You will know for the first time what a clean skin means when you apply my Facial Youth. The cost is 75 cents.

Hair You Marvel At.

Millions marvel at my luxuriant hair. It is thick and lustrous—finer far than 40 years ago. Falling hair dandruff and gray hair have never come to me.

This is also due to France. She perfected my Hair Youth. I apply it daily with an eye dropper, directly to the scalp. It does not muss the hair.

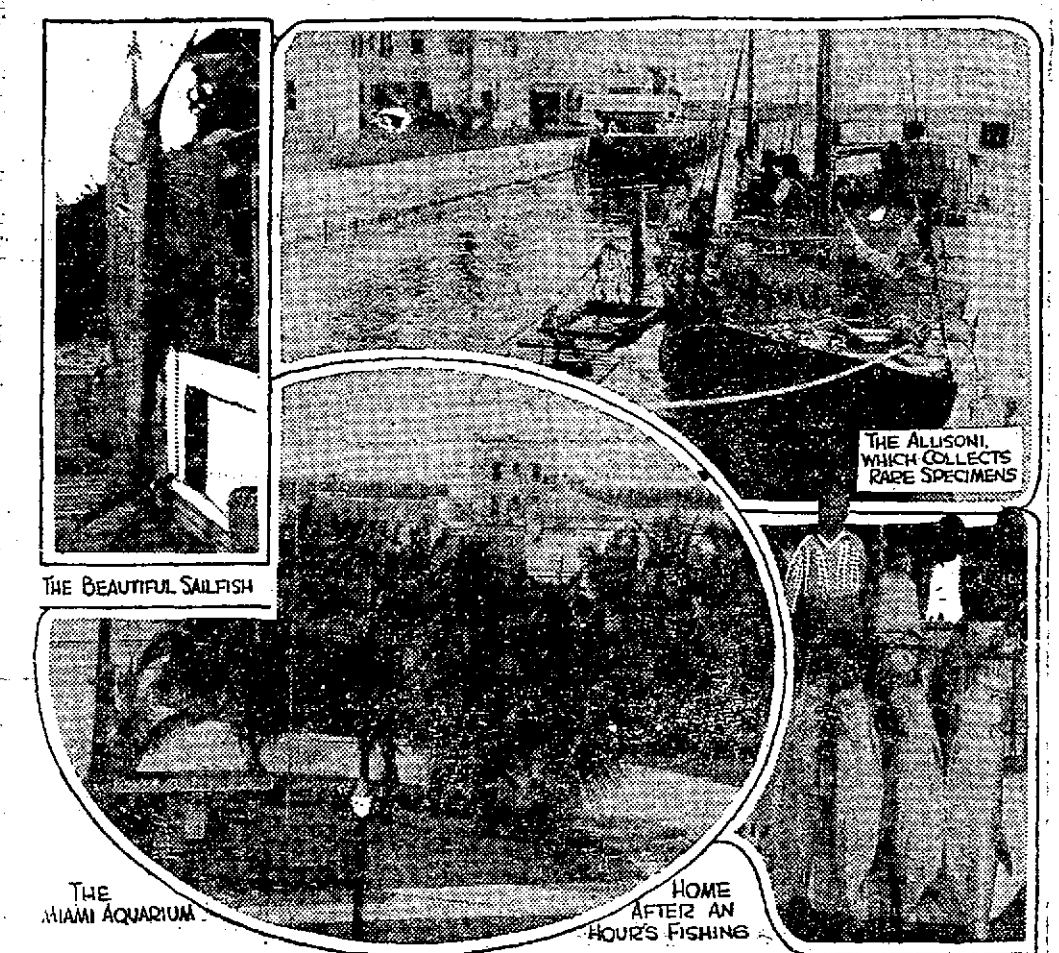

It cleans the scalp, stimulates and fertilizes. Then the hair roots flourish and bring the results I show.

If you wish like hair, use this method—the best that science knows. My Hair Youth costs 50 cents and \$1 with eye dropper.

All druggists and toilet counters supply these preparations. Nothing else in all the world can bring you like results. Go try them. Let them bring you what they brought to me. Edna Wallace Hopper. Business address, Waukesha, Wis.

### Big Rush of Fish to Gulf Stream Off Miami, Say Scientists Returning From the South

Followers of old Izak Walton are excited over the report of scientists returning from the South that the Gulf Stream waters about the southernmost Florida coast are teeming with fish in unusual numbers and varieties. Gulf Stream waters between Miami and the Bahamas have long been known as the best fishing ground in the world. Scientists of the Miami Aquarium report and have catalogued more than 500 varieties of fish in adjacent sea territory.

Whether the unusual influx of fish is due to volcanic disturbances elsewhere in the sea is a question.

As a rule, the game fish of southern waters do not get further north than Miami. Most of them inhabit the coral reefs that fringe the palm-studded islands and keys off the Florida coast. Some of these islands are historic as having been the headquarters of some of the boldest old pirates of Spanish Main days. Right across from the Coccoloba Cay Club, the famous fishing headquarters for many of Miami's winter visitors, is Black Caesar's Island, with its big iron ring still imbedded in solid rock, where Black Caesar is supposed to have tortured his captives.

The Miami Aquarium, last season, had nearly 2,000 live specimens of food and game fish. It will probably have more than that this year. An attraction for the fisherman in Gulf Stream waters is that he doesn't have to wait long for a bite and he usually gets a big one. These waters are the haunt of the beautiful sailfish, the game amberjack and the fighting tarpon. Others which the fisherman try for are grouper, tuna, dolphin, mackerel, as well as the variegated and many colored smaller fish caught on hook and line. One of the gamiest fish for its size is the small fast-shooting bonefish, which vies with the gray snapper, conceded to be the brainiest fish of the sea.

The operation, the same used in proving the insanity of Harry K. Thaw, a number of years ago, was performed last night by Fox's personal physician, Dr. Linton Smith and Dr. N. M. Owensby, alienist.

The physicians decided on this course after three days of questioning Fox in an effort to establish his mental condition.

Dr. H. W. Evans, imperial wizard of the Klan, issued a statement last night in connection with the murder in which he denied any knowledge of Fox's motive.

AUSTIN, Nov. 14.—M. B. Brown of Crosbyton was appointed superintendent of the State School for the Blind succeeding Dr. E. E. Bramlette, resigned.

# CATS TRAINING HARD FOR A GAME WITH ENNIS

The Mexia Hi Black Cats with a week's hard training behind them meet the strong Ennis Hi team Friday afternoon at Nowlin Park at 3:30.

Coach Potet has been putting the squad through a stiff practice each day and is trying to fill in the gaps left in the line and in the backfield but the injury of Doyle Perkinson, one of the best ends on the squad, during the Teague game last Friday, Perkinson will be out for the rest of the season and at present is still confined to his bed. He stated today however that he expected to be able to witness the game with Ennis Friday.

Malcolm and Dick Williams have stopped school and their places will be hard to fill. Dick was out of the game for quite a while with an injury and had been sent in only a few times in the last two or three games as a sub but he was getting back to his old style. Malcolm, a regular half, has been playing consistent ball all during the season until the game with Teague when he made several fumbles that cost the team quite a bit of ground. All of these men will be missed sorely in the future but Potet is coaching another man into the half position vacated by both Williams and Perkinson.

Potet, Mexia Hi mentor stated Wednesday morning that he would probably use Treadway, a shifty little fellow who is a demon on pulling down passes and is no mean broken field runner, at a half position in the Ennis game. He will pick his backfield men from the following, Kendrick, Cox, Treadway, Clover, Buford and perhaps Auld. Paris, Manning or Mills may get the assignment for the wing position vacated by Perkinson.

# HOME DRESSMAKING

By JEANNE ROLAND  
(Copyright 1929 by Pen-Art Service, Inc.)

Afternoon Frock of Cinnamon Charmeuse

After the Best Paris Mode

Simply made and patterned after the best Paris mode is this dress of cinnamon charmeuse. There is a bit of embroidery added as a last word, as it were, to express a new note of elegance.

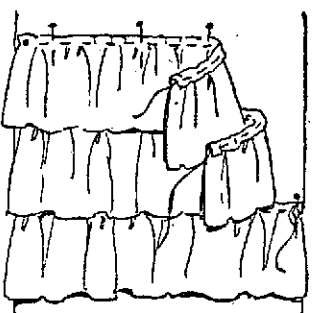

Paris is so fond of the apron drape that she contrives to give it infinite variety. In this charming afternoon dress, she combines the apron drape with the vogue for tiers, with most effective results. At

the lower edge of the front panel is an embroidery design wrought in ribbozene and crystal beads. French dressmakers this season are using comparatively little rope silk in their embroideries for satin and crepe frocks, preferring instead a combination of chenille, ribbozene, etc., with crystal and glass beads, nail heads, etc.

The blouse has a V-shaped neck and is draped over the skirt at the waistline. It is tied at the back with a string sash, attached to the sides of the blouse. There are no sleeves and the vest, of which even so little may be seen, is of very fine handkerchief linen. Another vogue of the French mode this season is the extensive use of linen and batiste on frocks of all materials, silk or wool.

The design shows how the ruffles are added to the apron drape. They should be 1 1/2 times longer than the space to be covered. Find the center of the drape, then the center of the ruffle. Gather the ruffle and draw the thread until the frill is the same length as the drape. Baste into position and stitch down securely. Turn under the upper edge of the frill before gathering.

For the dress that is inexpensive and at the same time dressy, nothing is smarter than charmeuse satin.

Frills Vary the Apron Drapery

It has a subtle lustre and lends itself beautifully to draping. The favored shades of the season are indigo, marine, midnight blue, cocoa, caramel, cinnamon and atmosphere gray.

# Mexia Young Lady In Diamond Jubilee Float at Ft. Worth

Mrs. J. F. Maddox and daughter Louise have returned from Fort Worth where they were present Monday at the Diamond Jubilee celebration there. Those from Mexia who were present declared the celebration a great success and the parade Monday one of much interest. The Texas Woman's College had a float in the parade which attracted considerable attention, comment and interest, furnishing a real feature for the parade. The great educational institu-

tion for women ranks high in the esteem of Fort Worth as well as of all the southwest. On the float, in the midst of the young ladies was a piano, seated at which was Miss Josie Lee Maddox, of this city and daughter of Mr. and Mrs. J. F. Maddox, who helped admirably in furnishing the music for the college.

### MAN HORSEWHIPPED BY ANGRY MOTHER

Crauford Kent, handsome and athletic, has experienced the sensation of being publicly horsewhipped. The lash was applied unmercifully by a frail little woman whose eyes snapped every time she brought the heavy whip across the shoulders of her victim. While many of the fashionable summer residents of Paradise Pines, California, looked on, Kent took his punishment without attempting to retaliate.

**Action Applauded**  
But this exclusive little colony among the flowering foothills near the Pacific was not upset by the punishment doled out to Kent. On the contrary the fair feminine witnesses applauded and asked that the scene be continue. This may have been due, however, to the fact that they had been forewarned that the lash incident was one of the important scenes for Gasnier's production, "Mothers-in-Law" now showing at the National. In fact, this vicinity is picture mad. The presence of the noted director and his cast of notable players aroused the interest of the ever present con-

tingent that yearns to see and be of the screen.

**Filmed At Resort.**  
Paradise Pines was selected for this particular phase of the picture because of the many beautiful homes that nestle in the hills here. The lodge of a well known millionaire was loaned by the owner for the occasion. For weeks the colony entertained a notable company of featured players from the B. P. Schubler studios. Gaston Glass, who portrays the part of a country youth in the production looked anything but his part in real life. He blossomed out daily in a different golf suit, his latest being a pure white affair made of soft flannel. He wore a white silk shirt, a white tie and white shoes. As he was a war hero who nearly lost his life piloting a fighting plane for his native country, France, he as more than popular among the younger set. Glass played a round of the links each day generally being paired in foursomes with Ruth Clifford who takes the leading feminine role in Gasnier's picture. Vola Vale and Joseph Swickard also were among the golf enthusiasts who play daily.

### High School Press Association Meets At Belton Dec. 7-8

BELTON, Texas, Nov. 14.—Professor Gaion Griffis Johnson, organizer of the Texas High School Press Association and head of Baylor School of Journalism, has announced that the second convention of the Association will be held here December 7 and 8. Membership in the organization is open to all high schools publishing a paper, magazine or annual. Six valuable prizes are awarded to members who excel in different journalistic lines. The Houston Post trophy which was won last year by the Breckenridge High School will be given again this year to the best edited school newspaper. Four consecutive issues must be entered. The Zeese loving cup is the prize for the best edited school annual. It was won last year by Oak Cliff High School (Dallas.) Awards for the best edited maga-

zine, the best written news story, short story and editorial, will be made. Well known Texas newspaper men will be the judges.

### Cause of Pimples Explained

It is easy to understand why so many people never have been able to get rid of their pimples, blotches, bumps and other skin troubles, which keep them from being attractive when you consider that few of them know what is causing them, and naturally don't know when they are not doing the right thing to get rid of them. So-called skin diseases are caused by poisons from the perspiration becoming congested in the tiny pores and glands of the skin because they can't get out. Unhealthy skin holds

them back and you know what must happen when you continue to let this condition exist. For this reason "skin lotion" etc., can't possibly help you any. You need what is known as Black and White Ointment which heals the cores, builds up the tissue of the skin, makes it active, so it naturally expels all the acid poisons which the system must throw off through the pores. Then pimples, blotches, "breaking out" eczema, etc. quickly disappear.

Black and White Ointment is economically priced in generous packages. The 50c size contains three times as much as the 25c size. All dealers have it.—Adv.

### THE LAST ROUND-UP AT THE OPERA HOUSE TONIGHT

Another large crowd greeted the Brunk's Comedians last night to witness the presentation of "The Phantom Trail" which is a very pretty

story of the Ozark's that is cleverly written and presented in a pleasing manner by the Brunk's players.

Again the vaudeville specialties were well received by the large audience.

An entirely different kind of play will be seen tonight on which occasion the four act Western comedy drama will be offered with an entire change of vaudeville numbers and music by the orchestra.

### Cream Clears a Stuffed-Up Head

If your nostrils are clogged and your head is stuffed because of nasty catarrh or a cold, apply a little pure, antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen,

inflamed membranes and you get instant relief.

Try this. Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more hawking or snuffling. Count fifty. All the stuffiness, dryness, struggling for breath is gone. You feel fine.—Adv.

Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.—Adv.

## DO YOU WONDER?

Asks This Lady, "That I'm a Believer in Cardui?"—Had Been So Weak She Had to Go to Bed.

Osawatimie, Kans.—Mrs. E. E. Neast, formerly of Illinois, residing here, says: "We moved to this state eleven years ago, and I had good health for a long while; and then some year or so ago I had a bad sick spell. . . . 'I got so weak I couldn't go. I couldn't stand on my feet at all. I had to go to bed. I suffered a great deal. I was so nervous I felt I couldn't live. I tried medicines, and everything; had the best of attention, yet I wasn't able to get up. I lay for three months, not able to do anything. . . . 'My husband is a bill poster and has circulars distributed. One day these came to be a Ladies' Birthday Almanac among his circulars. I read it and told some of the family to get me a bottle of Cardui. . . . 'I quit all other medicines and took it (Cardui) faithfully, and two weeks from the time I began to take Cardui I was out of bed—better than for months. . . . 'I kept it up and continued to improve until I was a well woman. . . . 'Do you wonder that I am a believer in Cardui? I certainly am. And I am sure there is no better tonic made for women than Cardui.' NC-151

## Give Your Sole a Genuine Treat

You have thrown many a pair of good shoes away just because the soles were worn through. Perhaps the counters were out of shape, and the welts may have been "shot". Don't do it again. No matter what the condition of the shoe, if the upper is good we can rebuild it and make it almost like new. Perhaps there is a pair of shoes in your closet right this minute that need attention. Bring them to us and permit us to advise you. They may be saved, and many more weeks of wear put into them at very small expense. Be thrifty—have 'em repaired.

# Forest Glade School Opens Its New Home

## First Program Given Last Friday

Friday night, November 9th an opening exercise was held at Forest Glade new brick school building.

The exercise was opened by the song, O Me-O My! This was followed by a prayer by Rev. Woodson of Groesbeck. Next Mr. J. B. Davis, a member of the school board, expressed the community's appreciation of the business men of Mexia and Forest Glade for the advertisements on the front curtain. This was followed by an excellent address of welcome by one of our teachers, Miss Callie Little. A fine address was then delivered by Fountain Kirby, County Judge of Limestone County. After his inspirational talk the school sang "Dixie." Brother Woodson then gave an address. He encouraged the people of this community to push forward toward the end of success as had begun. The exercise was closed by a prayer by Rev. Woodson, after which the members of the school board, W. O. Fift, J. B. Davis and Farmer Franks demonstrated the new stage scenery, which cost over \$700.

## Sportlights

By Jimmie

Although being defeated by Harvard in the first meeting of the "Big Three" this year the Princeton Tigers look forward to the Yale game next Saturday with an air of confidence, feeling that they have nothing to lose and all to gain. They can well afford to take any kind of chances in order to win over the Elis, so as to remain in the race.

The S. M. U. Mustangs have the record of being victors in the last seven consecutive games, but they still have two big stones in their path be-

fore they can hope to obtain the championship. Next Saturday they meet the Oklahoma Aggies at Stillwater. Then on Thanksgiving day they meet Baylor at Dallas.

Next Friday will be an interesting day on the local gridiron when the strong Ennis squad invade the Black Cats' quarters. The locals ended the game with Teague last Friday in a tie, and have meet defeat twice this season, once at the hands of the strong Marlin squad then with Corsicana. But they have resolved that "They shall not pass this time," and we believe there will be a real game.

Auburn meets Centre at Birmingham next Saturday. This has proven to be one of the most interesting games in the south in the last few years that these teams have met. The last time Auburn tasted defeat at the hands of the Kentucky Colonels, the famous "Bo" McMillan was steering the squad, but last year the Plainsmen won by the close score of 6 to 0.

Dave Bancroft the world series hero has been officially announced the manager of the Boston Braves. He comes to Boston with two of his team mates "Casey" Stengel and Bill Cunningham, in exchange for Pitcher Joe Oeschger and Outfielder Billy Southworth of the Braves.

Baylor meets the Texas School of Mines at El Paso next Saturday, then begin preparation for the S. M. U. clash on Turkey Day.

HOUSTON.—A committee of citizens appointed to devise plans for solving the street car situation now in the courts here has submitted a plan to the city authorities and the street railway company which they recommend as promising to relieve the situation.

ELECTRA.—Natural gas service for this city has been secured through the enterprise of a group of citizens who are making the necessary investment.

TYLER.—A convention of the Texas Independent Telephone Association will meet here December 12.

## Local News

J. T. Bragg of Corsicana is here.

Joe Young of Waxahachie is a Mexia business visitor.

W. B. Rogers of Plainview was a Mexia visitor Tuesday and Wednesday.

Mr. and Mrs. Minor Tidwell left Tuesday morning for Galveston to attend the Baptist convention.

H. B. Carpenter of the Thad McLain Syndicate drilling the Green test near Teague was in Mexia on business Tuesday.

Mr. and Mrs. A. F. Gaddy of Dallas, formerly of Mexia, were in Fair-

field the early part of the week to attend the funeral of her father, a pioneer citizen of Freestone County, was buried Monday.

Among those who attended the funeral of Miss Leon Brice at Corsicana Monday were Mrs. W. A. Jackson of Teague, F. Hendrix, local manager for W. A. Jackson's, Miss Ruth Finch, Miss Elsie Means and Mrs. Patillo.

CORSICANA.—A movement is taking shape among the advertising clubs of Texas to adopt the suggestion made here by Theodore H. Price for a centennial exposition in Texas in 1924.

QUANAH.—A high tension electric transmission line will be built to connect the electric light plants and at Lawton.
